Course Descriptions

LEVEL 1 - INTRODUCTION TO WATER SKILLS

Beginners that need the basic such as submerging, blowing bubbles, and becoming comfortable moving through the water.

LEVEL 2 - FUNDAMENTAL AQUATIC SKILLS

Children that have passed Level 1 or are comfortable in the water. The objective of Level 2 is for students to learn to float on their own and begin to explore how to move through the water using different combined arm and leg actions.

LEVEL 3 - STROKE DEVELOPMENT

Children that have passed Level 2 or can float front and back independently for 5 sec. and swim unassisted for 15 feet on front and back. This level will work on gliding with a kick on front and back, treading water, jumping into deep water, kneeling dives from the edge, coordinating front crawl arms with rhythmic breathing, coordinating back stroke, and elements of butterfly.

LEVEL 4 - STROKE IMPROVEMENT

Children that have passed Level 3 or can swim front crawl with rhythmic breathing and back crawl for 15 yards and tread water for 30 sec. This level will work on deep water bobbing, rotary breathing, standing dive from the edge, elementary back stroke, front crawl, back crawl, whip kick on front, scissors kick, safety and rescue skills.

LEVEL 5 - STROKE REFINEMENT

Children that have passed Level 4 or comfortable performing those skills. This level will work on “fine tuning” the strokes and skills learned previously, and introduce the breaststroke, sidestroke, dolphin kick, swimming underwater, safety and rescue skills.

LEVEL 6 - SWIMMING AND SKILL PROFICIENCY

Children that passed Level 5 or comfortable performing those skills. This level will continue “fine tuning” strokes while adding endurance. Surface dives, flip turns, butterfly, and diving board skills will be introduced. Lifeguard skills, safety, and rescue skills will be included.

Parents, the best way to help your child learn to swim, besides bringing them to lessons regularly, is getting in the pool and practicing and playing with them. Check out our open swim times. The average adult burns 400 calories swimming with their child for an hour.

Kids should be prepared to walk, work in the dirt, listen carefully, and follow directions from camp leaders and professional archaeologists. Students will need to bring sun screen, bug spray, hat, gloves, and a lunch every day. Water will be provided. Snacks provided twice daily. Kids will learn: an introduction to the field of archaeology, why we conduct archaeological digs, what stories artifacts can tell us about the past, history of fur trading posts, how to map a site, and the use of team-building skills. This program is open to kids going into grades 4-6 for the 2016-2017 school year. The camp is open to the first 20 kids to apply. Registration will begin on May 2, 2016 and will close when the camp is full or on May 13, 2016, whichever comes first. Parents can download the registration form at history.sd.gov/Preservation or pick up a registration form in person at the Cultural Heritage Center at 900 Governors Drive in Pierre. Registration forms can be e-mailed to Paige Olson at Paige.Olson@state.sd.us. The registration fee may be submitted separately but must be received by May 20, 2016. Registration forms received after the camp is full will be placed on a waiting list in the order they were received. Applicants will be notified by e-mail if they were accepted or put on the waiting list.
